Play stunningly realistic Touch Instruments, instantly build big beats and create music like a DJ — all with just a few taps.. Virtual drummers representing specific genres automatically play along with your song, while simple controls let you fine-tune their performance.. Smart Instruments make you sound like a pro — even if you've never played a note.

Tap into a wide range of instruments from around the world And now with the Sound Library, you can choose and download more free instrument and loop packs when new sounds are released, to help you easily craft songs in your favourite styles — all directly from your iPhone, iPad or iPod touch.. Then below it, select GarageBand File Transfer Then at the top, select Add to confirm that the GarageBand File Transfer folder is precisely where you want to place your audio files.. And now you can explore the sounds of Asia with traditional Chinese and Japanese instruments, including the guzheng, the koto and an array of taiko drums.
