S A Product where possible, and charges a fee which is donated to Just in case anybody here either has a Parker-Hale repro rifle, or one of the Euroarms 'follow-ons' and might wonder what the actual serial numbers of each might be.. Until 1st January 1925, the master number of a firearm was that on the barrel rather than the action body.. This also applied, to a certain degree, to No 4 and No 5 rifles, particularly to the fore-end and later extended to the magazine case as well.
